

Social Media Conduct Policy

PHS's purpose is to use horticulture to advance the health and well-being of the Greater Philadelphia Region. We can't do that without you. Your feedback positive and constructive—is essential to our work and welcomed!

We seek to create a respectful, welcoming, and safe space for all individuals and groups in real life and online. As such, our online presence is monitored by members of the PHS team, and insults, hate speech, derogatory language, spam, and other comments that create a hostile environment will be removed. Repeated violation of the above will lead to the inability to engage on our pages.

PHS values the use of social media channels – it's how we can engage with our members, donors, partners, and potential members. We actively listen to these channels and hope to encourage healthy communication around our work at all times.

Thank you!
