The decision to produce the 2022 PHS Philadelphia Flower Show outdoors was made to accommodate the continuing challenges and uncertainty of the COVID-19 pandemic. FDR Park's spacious 15-acre footprint allows for social distancing and the associated health benefits of being outside. Public safety is a critical component for the upcoming Show, and adherence to recommendations from City/State health officials is paramount to Show planning. PHS will continue to work closely with health officials leading up to the Show with updated guidance available online.

FDR PARK – 1500 Pattison Avenue and S. Broad Street, Philadelphia, PA

Franklin Delano Roosevelt Park (FDR Park) is Philadelphia's iconic 348-acre park carved out of the tidal marshes in South Philadelphia. Designed by the Olmsted Brothers in 1914, FDR Park's sequence of picturesque lakes with adjacent lawns are connected by a network of carriage and

foot paths. In 1926, the park hosted the national Sesquicentennial Exhibition and several grand civic buildings, including the iconic Boathouse, opened for the first time.

Today, FDR Park hosts a playground, 4 baseball diamonds, a renowned skate park, a network of lakes, the Swedish American Museum, and 126 acres of woodland. In 2019, after engaging with nearly 3,000 community members and stakeholders, Philadelphia Parks & Recreation and the Fairmount Park Conservancy published a master plan to reimagine a historic Olmsted Park to serve 21st century Philadelphians. The plan, designed by WRT, creates an ecologically sustainable vision for FDR Park that inspires investment, meets the needs of all users today and tomorrow, and focuses on resiliency in the face of a changing climate.
