

Philadelphia PHS Flower Show[®]

March 2 - 10, 2024 | PA Convention Center

The Pennsylvania Horticultural Society believes in the power of horticulture to make positive social and environmental change. PHS was founded in 1827. While many things have changed for us over time, our main focus has not wavered. In 2019, PHS adopted Vision 2027, a new strategy that fully commits PHS to using horticulture to advance the health and well-being of the Greater Philadelphia region.

Driven by a diverse community of more than 300,000 supporters, volunteers, and gardeners, PHS uses all its activities to advance four impact priorities:

- Creating healthy living environments
- Increasing access to fresh food
- Expanding economic opportunity
- Building meaningful social connections

United By Flowers Theme

"United by Flowers" pays tribute to the flourishing community that blossoms from our shared love of gardens and flowers.

This year's show celebrates the deep connections plants create and the joyous, flower-filled moments that unite us all.

Immerse yourself in breathtaking gardens and floral installations by award-winning designers, create with skilled artisans, shop at unique vendors, and learn more about the world of gardening.

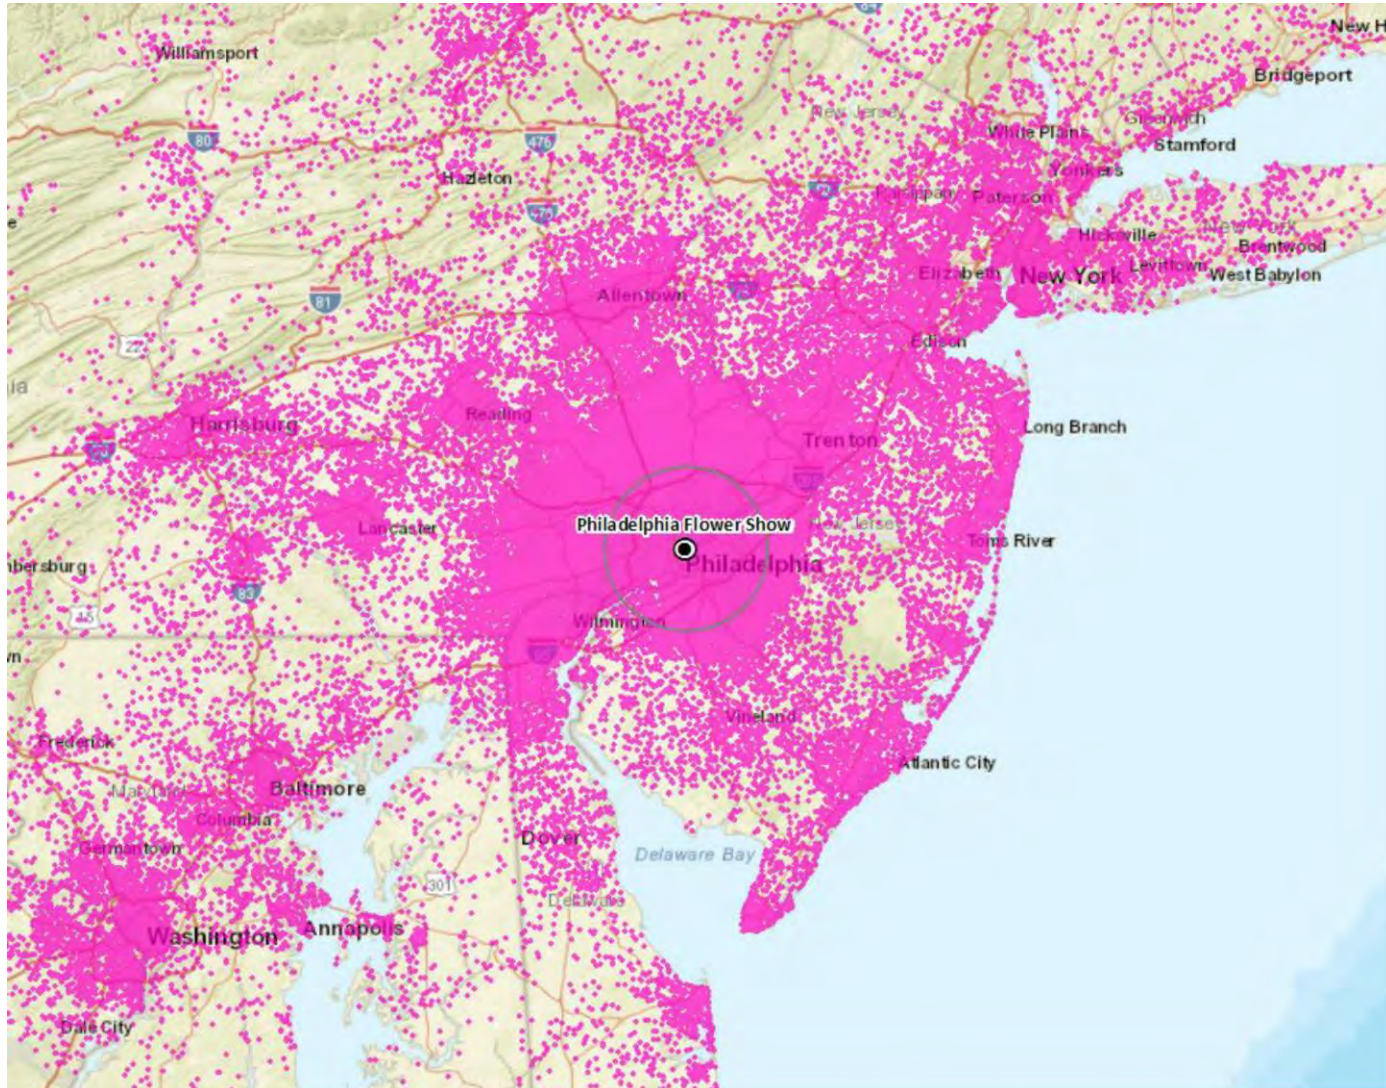

Whether you're a devoted plant parent, a first-time vegetable grower, or simply love the beauty of fresh flowers, the 2024 Flower Show invites you to experience an event where dazzling blooms serve as a common language to bring us closer as a vibrant, growing community.

The 2024 Philadelphia Flower Show takes place March 2-10 at the Pennsylvania Convention Center.
