

## Become a neighborhood greening hero!

Learn about tree care and planting by participating in a PHS Tree Tenders training.

This eight-hour course offers topics including tree biology, identification, planting, and proper care. You will be joining one of the nation's oldest, most respected volunteer urban tree-care programs. This is a 3-part workshop series taking place in person and through live zoom sessions.

**Accessibility:** Participants will receive a link to a video conference prior to the date of the event.
